BALKAN TROUBLE AGAIN MENACING

Old Question of Domination Between Greeks and Bulgarians Revived.

It is Asserted That the Patriarchal Church at Constantinople Has Acted as Accomplice of Greek Bands in Order to Strengthen Church.

Sofia, Bulgaria.-The anti-Greek movement in Roumania, and especially in Bulgaria, is daily assuming greater proportions and threatens to become a serious danger to peace. The Bulgarian government, It appears, will be forced to take exceptional measures to terminate the disturbances which are due to anti-Greek feeling, with which the entire population of the principality is imbued.

The cause of this feeling is the historical competition between Greece and Bulgaria for domination in the Balkans, which was recently reawakened and stimulated by their rivalry in Macedonia-rivalry which it is alleged has been artificially encouraged by the Turkish authorities-and particularly by the atrocities of the Greek

It is asserted that the patriarchal church at Constantinople has acted as an accomplice of these bands, with the object of forcing the peaceful population of Bulgaria to join the patriarchal church, which openly raised subscriptions for the benefit of the Greek patriotic societies, and also sought to inflame the Bulgarian na-tional spirit.

JEWS MURDERED BY SOLDIERS.

Outbreak at Warsaw Followed By Attack Upon Hebrews.

St. Petersburg.-The war of terrorism which the fighting organization of the Social Revolutionists declared immediately after parliament was dissolved seems now to have been begun in earnest. From all parts of the empire the telegraph brings the same story of attacks on police officials of all classes, accompanied in the majority d cases by plunder. The Polish revolutionists are especially active. There is a veritable reign of terror from the Vistula to the German frontler. Almost fifty cases of assassination were reported early Thursday night. The Novoe Vremya heads its list of murders and other crimes, "St. Bartholomew's Night in Poland." A Warsaw telegram to the London

Jewish Chronicle says: "After yesterday's disturbances, which the police quelled, 250 Jews were killed or wounded by the sol-diers."

CANNON'S BOOM LAUNCHED.

Speaker of the House to Be Candidate for the Presidency.

Danville, III.—The convention of the Eighteenth Illinois congressional district was called at 1 o'clock Thursday and renominated Joseph G. Cannon for the eighteenth consecutive time, being the seventeenth nomination by acclamation.

There was the greatest enthusiasm, especially over the prospective candidacy of Mr. Cannon for president. Mr. Cannon had not intended to launch a boom for president at this convention, but the pressure of his supporters was so great as to sweep away his wishes in this matter.

Mr. Cannon's supporters in his own district will likely urge the state convention to make similar endorsements. There seems to be little doubt that this will be done.

CITIZENS WILL KILL NEGROES. Colored Soldiers Who Shot Up Town In Peril of Their Lives.

Houston, Tex.-A special from Brownsville, Tex., says: Further trouble is feared here with the negro troops. A citizens' guard of 150 men is stationed along the road between this city and Fort Brown, and if the negroes attempt to leave the garrison it is the avowed purpose of the citizens to shoot them down. Four hundred rifles were sold on Thursday to citizens. The report that the officers of the garrison are themselves afraid of the negro troops has determined the citizens to take no chances. Many people are leaving their homes on the side of the city near Fort Brown. Additional appeal is being made to Governor Lanham to send state troops. Business is nearly suspended in the

CAMPBELL WINS IN TEXAS.

Will Be Second Native Governor of That State.

Dallas, Tex.-Thomas M. Campbell, a native of Rusk, Tex., the birthplace of the late Governor Hogg, was on Thursday afternoon nominated for governor by the Democratic state convention. He will be the second native governor of Texas. Mr. Campbell is a lawyer, but for several years was general manager of the International & Great Northern railway.

ANOTHER REVOLUTION

Dajabon Captured and Pillaged by Revolutionists After Twenty Lives Had Been Sacrificed.

Cape Haytien.-A serious revolution, according to advices received here by courier, has broken out in Santo Domingo. Revolutionary bands under the command of General Navarro are said to have landed near Reviere and to have attacked and captured Dajabon, which was pillaged and abandoned after twenty persons had been killed.

The revolutionists are now said to be near Guayabin and to be marching on to Monte Christi,

The arrival of General Deschamps is anxiously awaited by the revolutionists. It is understood that he will assume command of the forces and operate against the government in favor of former President Jiminez.

A state of anarchy prevails in the northern part of Santo Domingo. All commerce with the interior has been stopped and traffic in the northern districts has been prohibited.

COOL ATTEMPT TO GAIN LIBERTY

Stackpole Strolls Out of the Door of the Court Room.

Angeles.-Ernest Stackpole, whose trial for the murder of Joel Scheck was concluded Saturday while waiting in department 1 at the court house for the verdict of the jury, made a clever and almost successful effort to escape from the building. Unnoticed by Bailiff Harrington he strolled out through the door of the court room into the chamber of Judge James, where an open door led into the corridors of the court. He had scarcely entered the judge's chamber when Harrington caught sight of him and sprang for the open door. Harrington succeeded in rushing in front of Stackpole and throwing the door shut and locking it. He then clapped handcuffs on the prisoner and led him back into the court room. Stackpole was cool and collected and had nothing to say after the episode. It is the second time during the present trial that he has made the same sort of effort to escape from the officers.

TURKS ALSO TAKE PART.

Situation in the Balkans Going From Bad to Worse.

London.-The Daily Mail's Sofia correspondent says: The Turko-Bulgarian incidents have reached a dangerous phase, especially in the Kustonje district, where a collision took place between Turkish and Bulgarians at the frontier post of Schdrepaniza. A dispatch from Athens to a London news agency states that King George is going to Marienbad, where he will meet King Edward, whom he will ask for intervention in favor of the Greeks against Bulgarian excesses.

Situation in Warsaw.

Berlin.-The Warsaw correspondent of the Vossiche Zeitung gives the following description of the situation there: "The population is terribly distressed and there is hardly any street traffic on account of the insecurity of life. The soldiers have received orders to fire on everybody arousing suspicion. All the hospitals are so overcrowded that patients are obliged to lie on the floors and passages. In the morgue there are still lying thirtyeight dead who were found in the streets. It is not known how many have been buried secretly.

LARGE LOANS TO DIRECTORS.

Massachusetts Bank Closed By Order of National Bank Examiner.

Washington.-The comptroller of the currency has received advices by telegraph from National Bank Examiner Ewer that the First National Bank of Chelsea, Mass., has been closed by action of the directors. Examiner Ewer has been appointed receiver. The failure of the bank is reported by the examiner to be due to large, excessive loans to officers and directors of the bank.

Stensland Short a Million.

Springfield, Ill.—Bank Examiner Jones, in his report to the auditor of public accounts on the Milwaukee avenue state bank of Chicago, which was received by the auditor on Saturday, estimates the total defalcations through the manipulation of the af-fairs of the bank by President Stensto be \$1,000,000 and possibly more. He says the closing of the bank was the consummation of a career the most remarkable, and, in his opinion, the most conspicuous in the history of banking.

Krause Wins Over Davis.

Milwaukee.--Edward Krause of Wilmington, Del., was announced as the successful candidate for the office of grand worthy president of the Fraternal Order of Eagles. Mr. Krause received 1,386 votes, against 814 for Henry G. Davis of Ohio, the retiring head of the order. Norfolk, Va., with 972 votes, was the choice for the next convention city. Boston received 609 votes, Omaha 515 and Spokane 62. No action was taken on a resolution for the establishment of an Eagles'

One Man Killed and Another Wounded During Melee at Brownsville, Texas.

Colored Soldiers Objected to Search Being Made Among Their Ranks For Accused Criminal, and Fired Several Volleys at Citizens.

Brownsville, Tex.-Evidently angered because of a search made among their ranks in an effort to apprehend a negro who attacked Mrs. Leon Evans at her home here, and who she asserted was a negro soldier, members of a battalion of negro federal troops stationed at Fort Brown, near here, entered Brownsville on Tuesday, became unruly and fired several volleys down Main street. As a result Frank Natus, a barkeeper, is dead, a bullet from a Krag-Jorgensen rifle having pierced his heart, and Policeman Dominge is wounded, his arm and hand shattered by a bullet, and his horse shot from under him. Twenty-three of the bullets fired entered the home of Louis R. Cowan, many went through the residence of F. E. Stark, and several bricks were shot from the walls of the Miller hotel, near a window where guests were sleeping. After their depredations the negroes returned to their garrison. Representations have been made to the governor and a request that the negroes be removed immediately to avoid further trouble.

TROUBLE IN MINING CAMPS.

Special Governor Appointed By Czar to Control Situation.

St. Petersburg.-In view of the representations of the foreign mining interests in the Donetz basin with regard to the seriousness of the situation at Uzovka and elsewhere, the government has erected the whole coal and iron district affected into a special general governorship in order to be the better able to control the situation, and has taken the unprecedented step of creating a special advisory commission of mining representatives to act in concert with the new official of the district. His jurisdiction embraces Yekaterinoslav province, the southern part of Kharkov and parts of the Don Cossack territory.

The step is comparable to the creation of the much abused "satrapien" to deal with the agrarian disorders in central Russia last autumn, of which the assassinated General Sakaharoff was one of the governors, and intimates that the government considers the situation to be equally serious. Disorders and collisions with troops continue. At Uzovka a meeting was dispersed by Cossack whips.

the Grand Army died Tuesday, making three who have passed away since the commencement of the present encampment. J. H. Burke of Burlingame, Kan., fell dead while standing in front of the clerk's desk in the Pauley hotel. Death was caused by apoplexy induced by the heat. other death was that of George Smith, a former member of the First New York Dragoons, who has been visiting relatives in the city for some time.
